THE THUMBPRINT SIGNATURE PROGRAM

Check fraud costs banks and their customers millions of dollars each year. Through the Thumbprint Signature Program, banks can send a clear message to criminals that check fraud will not be tolerated. How can Thumbprint Signature help you?

- Non-accountholders asking to cash a check place an impression of their thumbprint on the face of the check using a small "inkless" touch pad.
- Thumbprint Signature is a natural deterrent criminals seeking to commit check fraud are unlikely to put their thumbprints on bogus checks.
- The thumbprint signature can be used by law enforcement agencies in the investigation of claims made by accountholders. It dramatically speeds up the investigation's identification process.
- Even with the implementation of Check 21, the program continues to be a valuable resource in fighting fraud.
- Thumbprint Signature is an inexpensive way to prevent fraud without inconveniencing customers.

Materials, which feature the **Thumbprint Signature logo printed** in red and black, include:

- **Touch pads:** These have a shelf life of 18 months or a minimum of 500 impressions.
- Teller window display: Post these 6 x 3-inch "tent-style" display signs at your teller windows as an additional reminder that you participate in the program.
- Statement suffers: These 3 ½ x 7 ½ inch brochures explain the mechanics of the program. Send them as a public service announcement to all your accountholders, and make sure you have enough on hand for anyone who might have questions about the program.
- **Decals:** Post decals at all entrances to let customers know vou are participating in the program and to warn potential criminals that their crimes will not go undetected.

Check fraud costs banks and customers alike millions of dollars each year. In a statewide effort to combat crime and protect our customers, we have decided to join the Thumbprint Signature Program. We feel this program will help stop criminals from committing check fraud. When fraudulent activity does occur, law enforcement agencies will have thumbprints as evidence to use in apprehending those responsible.

The program is very simple. As of this writing, all non-account holders will be asked to apply their right thumb to an inkless fingerprinting device that leaves no ink stain or residue when cashing checks. The Thumbprint Signature will be placed on the face of the check between the memo and signature lines. Participating banks will not maintain a data bank of Thumbprint Signatures. These signatures will be used by law enforcement officials only in eases where fraud is suspected.

This new program will ma

ccount holdre to cash a an account humbprint ing in the

For the protection of our customers, Thumbprint Signatures will be obtained from all non-account holders seeking to eash checks.

Tennessee Bankers Association Thumbprint Signature Program

All items listed below feature the Thumbprint Signature logo printed in red and black.

Touch Pads

Pads have a shelf life of 18 months or a minimum of 500 impressions. Banks and businesses should order enough for all cashiers and tellers.

Decals

Banks and businesses should post decals at all entrances and drive-up windows to let people know they are participating in the program and to warn potential criminals that their crimes will not go undetected.

Teller Tent Cards

Banks should post these 3" x 6" tent style display signs at all teller windows as an additional reminder that they participate in the program.

Statement Stuffers

These 3.5" x 7.5" brochures explain the mechanics of the program. Banks should use them as a public service announcement to all account holders and have plenty available for anyone who might have questions about the program. Please order in increments of 500.
